NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE "A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum." --Booker Prize Judges Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. Girl, Woman, Other is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain's colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London's funding-deprived schools; Carole, one of Shirley's former students, is a successful investment banker; Carole's mother Bummie works as a cleaner and worries about her daughter's lack of rootedness despite her obvious achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparkingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, Girl, Woman, Other is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart. The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively. An Emma Watson "Our Shared Shelf" Selection for November/December 2018 • NAMED A BEST BOOK OF 2018 BY: The New York Public Library • Mashable • The Atlantic • Bustle • The Root • NPR • Fast Company ("10 Best Books for Battling Your Sexist Workplace") Rebecca Solnit, The New Republic: "Funny, wrenching, pithy, and pointed." Roxane Gay: "I encourage you to check out Eloquent Rage out now." Joy Reid, Cosmopolitan: "A dissertation on black women's pain and possibility." America Ferrera: "Razor sharp and hilarious. There is so much about her analysis that I relate to and grapple with on a daily basis as a Latina feminist." Damon Young: "Like watching the world's best Baptist preacher but with sermons about intersectionality and Beyoncé instead of Ecclesiastes." Melissa Harris Perry: "I was waiting for an author who wouldn't forget, ignore, or erase us black girls! I was waiting and she has come in Britney Cooper." Michael Eric Dyson: "Cooper may be the boldest young feminist writing today and she will make you laugh out loud." So what if it's true that Black women are mad as hell? They have the right to be. In the Black feminist tradition of Audre Lorde, Britney Cooper reminds us that anger is a powerful source of energy that can give us the strength to keep on fighting. Far too often, Black women's anger has been caricatured into an ugly and destructive force that threatens the civility and social fabric of American democracy. But Cooper shows us that there is more to the story than that. Black women's eloquent rage is what makes Serena Williams such a powerful tennis player. It's what makes Beyoncé's girl power anthem resonate so hard. It's what makes Michelle Obama an icon. Eloquent rage keeps us all honest and accountable. It reminds women that they don't have to settle for less. When Cooper learned of her grandmother's eloquent rage about love, sex, and marriage in an epic and hilarious front-porch confrontation, her life was changed. And it took another intervention, this time staged by one of her homegirls, to turn Britney into the fierce feminist she is today. In Britney Cooper's world, neither mean girls nor fuckboys ever win. But homegirls emerge as

heroes. This book argues that ultimately feminism, friendship, and faith in one's own superpowers are all we really need to turn things right side up again. A BEST/MOST ANTICIPATED BOOK OF 2018 BY: Glamour • Chicago Reader • Bustle • Autostraddle Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin from the Paperback edition. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerical predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. "Charming. . . . A moving testament to the diversity and depths of love." —Publishers Weekly You'll laugh, you'll cry, you'll be swept away—in less time than it takes to read this paragraph. Love that's romantic, familial, platonic and unexpected. Most of all, these stories celebrate love as it exists in real life: a silly remark that leads to a lifetime together, a father who struggles to remember his son, ordinary moments that burn bright. NEW YORK TIMES BESTSELLER • A renowned psychic medium teaches us how to recognize and interpret the life-changing messages from loved ones and spirit guides on the Other Side. "A collection of incredible stories. . . that speak to the universe's endless capacity for magical moments."—Goop Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller The Light Between Us. She possesses an incredible gift: the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, and see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In Signs, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced uncanny revelations and instances of unexplained synchronicity, as well as others drawn from her own experience. There's the lost child who appears to his mother as a deer that approaches her unhesitatingly at a highway rest stop; the name written on a dollar bill that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact moment of Jackson's own father's passing; and many others. This is a book that is inspiring and practical, deeply comforting and wonderfully motivational, in asking us to see beyond ourselves to a more magnificent universal design. Praise for Signs "This stirring guide . . . asserts that anyone can learn to understand messages that are sent from the 'Other Side.' . . . For readers struggling with loss who believe it's possible to communicate with the deceased, this book will console and empower them to look beyond their suffering."—Publishers Weekly "This brilliant book by the renowned psychic medium Laura Lynne Jackson is a guidebook to and translator of the mysterious spiritual language of the universe. Through a series of touching personal stories, Signs teaches us how to discern and understand the myriad spiritual signs in our lives. Laura Lynne's beautiful and compassionate heart shines through every page. This book is both excellent and important, and I highly recommend it to all."—Brian L. Weiss, M.D., author of Many Lives, Many Masters In the perfect follow up to Black Sun Signs, Thelma Balfour presents a light-hearted and illuminating look at relationships, love and sex under the stars with real life facts and insights gathered from her revealing survey of black Americans. In Black Feminism Reimagined Jennifer C. Nash reframes black feminism's engagement with intersectionality, often celebrated as its primary intellectual and political contribution to feminist theory. Charting the institutional history and contemporary uses of intersectionality in the academy, Nash outlines how women's studies has both elevated intersectionality to the discipline's primary program-building initiative and cast intersectionality as a threat to feminism's coherence. As intersectionality has become a central feminist preoccupation, Nash argues that black feminism has been marked by a single affect—defensiveness—manifested by efforts to police intersectionality's usages and circulations. Nash contends that only by letting go of this deeply alluring protectionist stance, the desire to make property of knowledge, can black feminists reimagine intellectual production in ways that unleash black feminist theory's visionary world-making possibilities. Signs and Cities is the first book to consider what it means to speak of a postmodern moment in African-American literature. Dubey argues that for African-American studies, postmodernity best names a period, beginning in the early 1970s, marked by acute disenchantment with the promises of urban modernity and of print literacy. Dubey shows how black novelists from the last three decades have reconsidered the modern urban legacy and thus articulated a distinctly African-American strain of postmodernism. She argues that novelists such as Octavia Butler, Samuel Delany, Toni Morrison, Gloria Naylor, Ishmael Reed, Sapphire, and John Edgar Wideman probe the disillusionment of urban modernity through repeated recourse to tropes of the book and scenes of reading and writing. Ultimately, she demonstrates that these writers view the book with profound ambivalence, construing it as an urban medium that cannot recapture the face-to-face communities assumed by oral and folk forms of expression. This book covers a number of different topics, including Black Magic, lucky numbers and insight into dreams. Instructions are provided on how to be a spirit medium and hypnotize, among other things. It's easy to read and is as informative as it is entertaining. The multi-million bestselling novel about a young girl's journey towards healing and the transforming power of love, from the award-winning author of The Invention of Wings and The Book of Longings Set in South Carolina in 1964, The Secret Life of Bees tells the story of Lily Owens, whose life has been shaped around the blurred memory of the afternoon her mother was killed. When Lily's fierce-hearted black "stand-in mother," Rosaleen, insults three of the deepest racists in town, Lily decides to spring them both free. They escape to Tiburon, South Carolina—a town that holds the secret to her mother's past. Taken in by an eccentric trio of black beekeeping sister, Lily is introduced to their mesmerizing world of bees and honey, and the Black Madonna. This is a remarkable novel about divine female power, a story that women will share and pass on to their daughters for years to come. Richard Wright's powerful account of his journey from innocence to experience in the Jim Crow South. It is at once an unshamed confession and a profound indictment—a poignant and disturbing record of social injustice and human suffering. When Black Boy exploded onto the literary scene in 1945, it caused a sensation. Orville Prescott of the New York Times wrote that "if enough such books are written, if enough millions of people read them maybe, someday, in the fullness of time, there will be a greater understanding and a more true democracy." Opposing forces felt compelled to comment: addressing Congress, Senator Theodore Bilbo of Mississippi argued that the purpose of this book "was to plant seeds of hate and devility in the minds of every American." From 1975 to 1978, Black Boy was banned in schools throughout the United States for "obscenity" and "instigating hatred between the races." The once controversial, now classic American autobiography measures the brutality and rawness of the Jim Crow South against the sheer desperate will it took to survive. Richard Wright grew up in the woods of Mississippi, with poverty, hunger, fear, and hatred. He lied, stole, and raged at those about him; at six he was a "drunkard" hanging about in taverns. Surly, brutal, cold, suspicious, and self-pitying, he was surrounded on one side by

whites who were either indifferent to him, pitying, or cruel, and on the other by blacks who resented anyone trying to rise above the common lot. At the end of Black Boy, Wright sits poised with pencil in hand, determined to "hurl words into this darkness and wait for an echo." An analysis of the astrology of romance features elaborate illustrations and coverage of such areas as the celestial and historical influences on sex appeal, how to find an ideal astrological match, the planetary profiles for more than ninety famous couples, and the astrological influences that were at play for each of the sun signs during the past century. In this analysis of social history, examine the complex lineage of America's oppression of Black companionship. According to the 2010 US census, more than seventy percent of Black women in America are unmarried. Black Women, Black Love reveals how four centuries of laws, policies, and customs have created that crisis. Dianne Stewart begins in the colonial era, when slave owners denied Blacks the right to marry, divided families, and, in many cases, raped enslaved women and girls. Later, during Reconstruction and the ensuing decades, violence split up couples again as millions embarked on the Great Migration north, where the welfare system mandated that women remain single in order to receive government support. And no institution has forbidden Black love as effectively as the prison-industrial complex, which removes Black men en masse from the pool of marriageable partners. Prodigious research and deeply felt, Black Women, Black Love reveals how white supremacy has systematically broken the heart of Black America, and it proposes strategies for dismantling the structural forces that have plagued Black love and marriage for centuries. The great scholar, W. E. B. Du Bois, once wrote about the Problem of race in America, and what he called "Double Consciousness," a sensitivity that every African American possesses in order to survive. Since childhood, Ailey Pearl Garfield has understood Du Bois's words all too well. Bearing the names of two formidable Black Americans—the revered choreographer Alvin Ailey and her great grandmother Pearl, the descendant of enslaved Georgians and tenant farmers—Ailey carries Du Bois's Problem on her shoulders. Ailey is reared in the north in the City but spends summers in the small Georgia town of Chicasetta, where her mother's family has lived since their ancestors arrived from Africa in bondage. From an early age, Ailey fights a battle for belonging that's made all the more difficult by a hovering trauma, as well as the whispers of women—her mother, Belle, her sister, Lydia, and a maternal line reaching back two centuries—that urge Ailey to succeed in their stead. To come to terms with her own identity, Ailey embarks on a journey through her family's past, uncovering the shocking tales of generations of ancestors—Indigenous, Black, and white—in the deep South. In doing so Ailey must learn to embrace her full heritage, a legacy of oppression and resistance, bondage and independence, cruelty and resilience that is the story—and the song—of America itself.
