Dec 21, 2021 · The post-truth era has taken many by surprise. Here, we use massive language analysis to demonstrate that the rise of fact-free argumentation may perhaps be understood as part of a deeper change. After the year 1850, the use of sentiment-laden words in Google Books declined systematically, while the use of words associated with fact-based argumentation rose ...

### [What is another word for passion? | Passion Synonyms](#)

For Weber, disenchantment was one source for the rapid development and power of Western society, but also a source of irretrievable loss. A second component of rationalization, particularly as it applies to the rise of capitalism as a highly rationalized economic system, was the formation of the Protestant Ethic .

### [Modernity - Wikipedia](#)

May 05, 2003 · Theodor W. Adorno was one of the most important philosophers and social critics in Germany after World War II. Although less well known among anglophone philosophers than his contemporary Hans-Georg Gadamer, Adorno had even greater influence on scholars and intellectuals in postwar Germany.

## Access Free Disenchantment Rationality And The Modernity Of Max Weber

In sociology, the iron cage is a concept introduced by Max Weber to describe the increased rationalization inherent in social life, particularly in Western capitalist societies. The "iron cage" thus traps individuals in systems based purely on teleological efficiency, rational calculation and control. Weber also described the bureaucratization of social order as "the polar night of icy ...

Modernity, a topic in the humanities and social sciences, is both a historical period (the modern era) and the ensemble of particular socio-cultural norms, attitudes and practices that arose in the wake of the Renaissance—in the "Age of Reason" of 17th-century thought and the 18th-century "Enlightenment". Some commentators consider the era of modernity to have ended by 1930, ...

Dec 17, 2021 · With Nietzsche's predicted wars, people confronted the new gods of progress and rationality, as the technocratic impulse made possible industrial slaughter. If disenchantment marked the anxieties of Romantics and Victorians, then the 20th-century dreams of a more fair, wise, just and rational world were dissipated by the smoke at Auschwitz

## [Making sense of Wole Soyinka's difficult and brilliant new](#)

The fundamental act of modernity is to question the foundations of past knowledge, and Boyne and Rattansi characterize modernity as consisting of two sides: “the progressive union of scientific objectivity and politico-economic rationality . . . mirrored in disturbed visions of unalleviated existential despair” (1990: 5).

Aug 13, 2016 · What Weber's diagnosis of modernity shows us is that even rationality has seeds of irrationality in it – and that truly, we cannot have one without the other. The greater the rationality of the social structure and organization of a society, the greater the irrationality, which exists underneath the surface and grows and festers.
