Gold Dragon Captain Telryn "Trip" Yert is on the most important mission of his life. Accompanied by Captain Kaika, the sentient soulblade Jaxi, and Rysha Ravenwood-the noble-born scholar and officer he definitely shouldn't be developing feelings for-he must find a way to close a portal that's allowing more and more dragons into the world. If he fails, all of humanity could fall to the powerful creatures. As if that wasn't enough to worry about, the secret Trip has spent his whole life hiding, that he can draw upon magical power, is on the verge of being discovered. What will his superior officers think when they find out? What will Rysha think?But as Trip will soon discover, what he thought he knew about himself is only a shadow of the truth. Reality is far more incredible than he ever imagined.

The Gilded Ones Beast Quest meets Percy Jackson in this epic new middle-grade fantasy series! Deep within the mountain, a great creature stirred in its sleep. Its eyes rolled back in its head, and its wings jerked wide open When 12-year-old Billy Chan finds out his parents are sending him to a summer camp in middle-of-nowhere China, he doesn't know what to expect. There he meets fellow campers Dylan, Charlotte, and Ling-Fei, and together they stumble upon an age-old secret: there are four powerful warrior dragons hidden deep within the mountain behind the camp! They need the children's help to set them free before terrible evil in the guise of the Dragon of Death is unleashed upon the earth. Billy and his friends must set off on a

dangerous adventure that will take them to the heart of the Dragon Realm. But can they save the dragon and human worlds from destruction?

**All the Weyrs of Pern** Are you still human if your father was a dragon? Even though Captain Trip always knew he was a little odd, he's still shocked by the revelation that the elder gold dragon, Agarrenon Shivar, sired him. It's time, however, to accept reality and learn to use his power, even if it alienates him from his magic-fearing friends—and the woman he's come to care about. With enemy dragons threatening to kill or enslave everyone in his homeland, he has no choice. But even if he becomes a great sorcerer, it won't be enough to fight off all the dragons threatening Iskandia, so Trip suggests a mission to General Zirkander. He wants to lead a team, with the scholarly Lieutenant Ravenwood's help, to locate his sire. Agarrenon Shivar, once respected and feared by his own kind, may be the perfect ally for Iskandia—if Trip can talk him into siding with humanity. Just one problem: the ancient dragon hasn't been seen for thousands of years, and Trip has no idea how his long-dead mother found him.

**The After Collection** Just a few years ago, people spoke of the US as a hyperpower—a titan stalking the world stage with more relative power than any empire in history. Yet as early as 1993, newly-appointed CIA director James Woolsey pointed out that although Western powers had "slain a large dragon" by defeating the Soviet Union in the Cold War, they now faced a "bewildering variety of poisonous snakes." In *The Dragons and the Snakes*, the eminent soldier-scholar David Kilcullen asks how, and what, opponents of the West have learned during the last quarter-century of conflict. Applying a combination of evolutionary theory and detailed field observation, he explains what happened to the "snakes"—non-state threats including terrorists and guerrillas—and the "dragons"—state-based competitors such as Russia and China. He explores how enemies learn under conditions of conflict, and examines how Western dominance over a very particular, narrowly-defined form of warfare since the Cold War has created a fitness landscape that forces adversaries to adapt in ways that present serious new challenges to America and its allies. Within the world's contemporary conflict zones, Kilcullen argues, state and non-state threats have increasingly come to resemble each other, with states adopting non-state techniques and non-state actors now able to access levels of precision and lethal weapon systems once only available to governments. A counterintuitive look at this new, vastly more complex environment, *The Dragons and the Snakes* will not only reshape our understanding of the

West's enemies' capabilities, but will also show how we can respond given the increasing limits on US power.

**Golden Dragon and Purple Phoenix** An elite forces officer with a dreadful reputation. A bookish paleontologist with a love for mysteries. An ancient stronghold full of secrets that will take both of them to unearth. Professor Lilah Zirkander (yes, she's related to the famous pilot, and no, she can't get him to autograph your undergarments) is looking forward to a summer in the paleontology lab, researching and cataloging new fossils. But that summer takes an unexpected turn when the king sends her into the Ice Blades to a secret mine where ancient dragon bones have been discovered. Rumor has it that they're cursed and dangerous, but Lilah is more concerned about dealing with the outpost commander, a fierce officer with the temperament of a crabby badger. As punishment for irking the king, Colonel Vann Therrik is overseeing the hardened criminals working in the remote Magroth Crystal Mines. He would like a chance to redeem himself—and escape the loathsome duty station—but nothing is going his way. Cursed fossils have delayed production, miners are trying to escape, and now a scientist has shown up, making demands on his time. Worse, she's the cousin of his nemesis General Zirkander. As if one Zirkander in his world wasn't bad enough. Investigating the fossils leads Lilah and Vann into the depths of Magroth Mountain where centuries-old secrets lurk, and a long-forgotten threat stalks the passages. To have any chance at survival, they'll have to work together and perhaps learn that neither is what the other expected. **Shattered Past** is a stand-alone novel set in the author's **Dragon Blood** world.

**Where the Mountain Meets the Moon** After ten years at war, Jev Dharrow looks forward to hanging up his sword, relaxing with a cool mug of ale, and forgetting that the love of his life married another man while he was gone. But when his ship sails into port, a beautiful woman wearing the garb of an inquisitor from one of the religious orders waits to arrest him. His crime? He's accused of stealing an ancient artifact with the power to start another war. Jev would gladly hand over the artifact to stop more suffering, but he has no idea where it is or even what it looks like. The inquisitor woman definitely has the wrong person. Inquisitor Zenia Cham grew up with nothing, but she has distinguished herself as one of the most capable law enforcers in the city, and she's next in line to become archmage of the temple. All she has to do is find the Eye of Truth, and her superiors are certain that Jev has it. He tries to charm her with his twinkling eyes and easy

smile, but she's not letting any man get between her and her dreams. Especially not a thief. If Jev can't convince Zenia they're on the same side, find the artifact, and clear his name, his homecoming will turn into a jail sentence. Or worse.

**The Girl with the Dragon Heart** Jev Dharrow is trying to convince his father to cancel his arranged marriage so he can wed Zenia, the woman he loves. But when elven assassins arrive in the city, all his personal problems must be set aside. They are after his good friend, Lornysh, an elf who has saved Jev's life a dozen times over the years. The assassins consider Lornysh to be a traitor to their people, and they'll kill anyone who stands at his side. They wield great magic as well as their swords, and they have the power to destroy half the city as they chase after their target. With the arranged marriage looming and elven assassins on the warpath, Jev is running out of time to save his friend—and his own future.

**Heritage of Power (The Complete Series, Books 1-5)** Recently appointed Crown Agents Jev and Zenia must prove that they're worthy of their new jobs and young King Targyon's trust. Their mission? To research the strange "disease of the blood" that killed Targyon's three cousins and left him unexpectedly ruling an entire kingdom at barely twenty years of age. There are just a few problems. If someone was responsible for creating that disease, that person could still be in the city, forcing Zenia and Jev to deal with someone very smart and very dangerous. Meanwhile, since Targyon has the same blood flowing through his veins that his cousins had, he's at risk of becoming the next victim. And as it so happens, Jev shares some of that blood too. Might he become a target before Targyon? When Jev and Zenia signed on for this job, they didn't realize how deadly it might become.

**The Dragon with a Chocolate Heart** A mission to a foreign land has left Captain Trip Yert with a responsibility he never anticipated: watching over two dozen magical stasis chambers containing half-dragon young, including eight that are half-human. As bewildering as he finds it, all of them are related to him. He's vowed to ensure they make it safely back to his homeland where the sorceress Sardelle can, he hopes, advise him on how to care for them. But while he, Rysha, and Major Kaika are investigating a friend's death and trying to arrange passage home, someone steals one of the baby girls. If Trip can't deal with hostile mages, corrupt business moguls, and the surprising secrets of his mother's past, he may lose the little sister he never had a chance to know.

**Dragon Storm** Dragons have returned to the world, and they're wreaking havoc on human civilizations. Only one man has the power to stop them. Born an outcast who's never fit in, Telryn "Trip" Yert has spent his entire life hiding a secret that could get him killed: In a world where magic is forbidden, the ancient blood of dragons flows through his veins. Joined by a snarky sentient sword, a band of equally snarky allies, and the smart scholarly woman he longs to impress, Trip must master his powers, learn the secrets of his heritage, and go on a quest to save mankind. If he fails, dragons may take over the world and enslave all of humanity. This is the complete five-novel Heritage of Power series, full of adventure, romance, and fast-paced page turning fun. It includes: 1. Dragon Storm 2. Revelations 3. Origins 4. Unraveled 5. Gold Dragon

**Unraveled** Dragons are trained to fight to the death, and two determined teens help free them in this spellbinding saga. Training a dragon to be a fighting champion is the only way to freedom for fifteen-year-old Jakkin.

**Dragon Bound** Now that Trip's siblings are safely back in the capital, he would like it if life got back to normal. As normal as possible for a half-dragon army officer learning to use his magical powers when he isn't busy piloting with Wolf Squadron. But trouble keeps popping up, and the capital isn't the safe haven Trip had hoped. More and more dragons are working together, with attacks growing frequent as they scheme to claim the country for themselves. Equally daunting, Rysha wants to introduce Trip to her parents, parents who want a proper nobleman for their daughter, not some odd commoner sired by a dragon. If Trip is to have any chance of bringing peace to the country-and impressing Rysha's parents-he'll have to finally and fully embrace what he is and what he can do. Before time runs out.

**Gold Dragon Aventurine** is a brave young dragon ready to explore the world outside of her family's mountain cave . . . if only they'd let her leave it. Her family thinks she's too young to fly on her own, but she's determined to prove them wrong by capturing the most dangerous prey of all: a human. But when that human tricks her into drinking enchanted hot chocolate, she's transformed into a puny human without any sharp teeth, fire breath, or claws. Still, she's the fiercest creature in these mountains--and now she's found her true passion: chocolate. All she has to do is get to the human city to find herself an apprenticeship (whatever that is) in a chocolate house (which sounds delicious), and she'll be conquering new territory in no time . . . won't she? A classic fantasy with terrific girl power, perfect for fans of

Elven Fury This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the *New York Times* bestselling and *National Book Award* finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who

accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

The Little Book of Colour Colonel Ridge Zirkander isn't the model of military professionalism—he has a tendency to say exactly what's on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he's used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what's he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives... Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power. Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her

people. Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she's one of the prisoners while trying to gain the commander's trust. But lying isn't her specialty, especially when the world has changed so much in the intervening centuries, and if Colonel Zirkander figures out who she truly is, he'll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

**Dragon Rider** Now that Trip's siblings are safely back in the capital, he would like it if life got back to normal. As normal as possible for a half-dragon army officer learning to use his magical powers when he isn't busy piloting with Wolf Squadron. But trouble keeps popping up, and the capital isn't the safe haven Trip had hoped. More and more dragons are working together, with attacks growing frequent as they scheme to claim the country for themselves. Equally daunting, Rysha wants to introduce Trip to her parents, parents who want a proper nobleman for their daughter, not some odd commoner sired by a dragon. If Trip is to have any chance of bringing peace to the country—and impressing Rysha's parents—he'll have to finally and fully embrace what he is and what he can do. Before time runs out.

**Roll of Thunder, Hear My Cry** This book addresses the impact of intermarriage between Chinese immigrants and the natives, specifically the intermingling of blood and the offspring from such unions, and the influence they wielded on the society and environment they chose to live in. It also covers how some rose to high positions and their contributions to their societies, and how some openly declared their pride in their ancestry, while others have forgotten their heritage and have dissociated themselves.

**Shattered Past** Born with a secret power he must hide... Telryn "Trip" Yert has always been a little odd, with hunches that are too accurate to explain. Magic is feared and forbidden in Iskandia, so he's struggled his whole life to hide his eccentricities. As a boy, he was forced to watch his mother's execution. Her crime? Witchcraft. Understandably, Trip wants nothing to do with the power that lurks within him, always threatening to reveal itself. Instead, he dedicates himself to serving as an officer in the king's army, to battling pirates and imperial conquerors. He longs to become a soldier as respected and renowned as the legendary General Zirkander. But his country is in need of more than a soldier. After disappearing for over a thousand years, dragons have returned to the world. A few of them are willing to be allies to mankind, as they were millennia before, but far more want to destroy or enslave humans and claim the world for themselves. There are few people left with the power to fight dragons. For reasons he doesn't understand, Trip may be one of those people. But if he chooses to

**A Dragon's Destiny** Captain Telryn “Trip” Yert is on the most important mission of his life. Accompanied by Captain Kaika, the sentient soulblade Jaxi, and Rysha Ravenwood—the noble-born scholar and officer he definitely shouldn’t be developing feelings for—he must find a way to close a portal that’s allowing more and more dragons into the world. If he fails, all of humanity could fall to the powerful creatures. As if that wasn’t enough to worry about, the secret Trip has spent his whole life hiding, that he can draw upon magical power, is on the verge of being discovered. What will his superior officers think when they find out? What will Rysha think? But as Trip will soon discover, what he thought he knew about himself is only a shadow of the truth. Reality is far more incredible than he ever imagined.

**Origins** Now that Jev is no longer obligated to marry a manipulative noblewoman, Zenia can finally pursue a relationship with him. But there’s something else she must deal with first. She’s learned that the magical dragon-tear gem she wears around her neck is linked to a living dragon, one that is being held prisoner and tortured. Zenia owes her life several times over to the creature. She must set aside personal desires and lead a team to the distant and dangerous continent where the dragon is imprisoned. But it took someone—or something—very powerful to capture such a great creature in the first place. Zenia, Jev, and their friends may not have the magic or might necessary to free their scaled ally. If they fail, the dragon will be enslaved forever by a cruel master, and Zenia and Jev may never see their homeland again.

**Revelations** It’s been a week since the dragon Morishtomarc fell, and Sardelle is not convinced that Ridge is truly gone. With a companion who thinks he’s a god and a soldier who would happily kill her, she heads back to the mountains to look for signs that Ridge survived. What they uncover threatens to destroy their country and all they care about. Meanwhile, the Cofah emperor is furious with Iskandia over the loss of its airships and still has a bounty on Tolemek’s head. King Angulus sends Tolemek, Cas, and Kaika on a daring mission that could solve both problems... or leave them all dead.
