The Correspondence of Reginald Pole

This present work comprises all of the genealogical records in O'Callaghan's remarkable four-volume Documentary History of the State of New-York and contains a complete index of names, overcoming, for individuals unfamiliar with Dutch or German nomenclature, the confusion caused by variant spellings of family names. Prepared by Roseanne Conway, the index lists about 12,000 inhabitants of colonial New York-Dutch, English, and German.

Quantitative Methods

Salem Witchcraft

The New York Genealogical and Biographical Record

Written specifically to support shorter courses in statistics and quantitative methods, this book provides revision for basic mathematical numerical skills, examines some simple statistical techniques, and introduces some basic quantitative modelling techniques.

The Massachusetts State Record and Year Book of General Information

Reginald Pole (1500-1558), cardinal and archbishop of Canterbury, was at the centre of reform controversies in the mid 16th century - antagonist of Henry VIII, a leader of the reform group in the Roman Church, and nearly elected pope (Julius III was elected in his stead). His voluminous correspondence - more than 2500 items, including letters to him - forms a major source for historians not only of England, but of Catholic Europe and the early Reformation as a whole. In addition to the insight they provide on political history, both secular and ecclesiastical, and on the spiritual motives of reform, they also constitute a great resource for our understanding of humanist learning and cultural patronage in the Renaissance. Hitherto there has been no comprehensive, let alone modern or accurate listing and analysis of this correspondence, in large part due to the complexity of the manuscript traditions and the difficulties of legibility. The present work makes this vast body of material accessible to the researcher, summarising each letter (and printing key texts usually in critical editions), together with necessary identification and comment. The first three volumes in this set will contain the correspondence; the fourth and fifth will provide a biographical companion to all persons mentioned, and will together constitute a major research tool in their own right. This first volume covers the crucial turning point in Pole's career: his protracted break with Henry and the substitution of papal service for royal. One major dimension of this rupture was a profound religious conversion which took Pole to the brink of one of the defining moments of the Italian Reformation, the writing of the 'Beneficio di Christo'.

Lists of Inhabitants of Colonial New York

Professional and Industrial History of Suffolk County, Massachusetts

A genealogical dictionary of our early colonists. Every volume shows three generations of those who came before 1692. Although more than a century has elapsed since the publication of this monumental work, it remains the standard to our day. We do not mean that new information has not been unearthed or that the work is free from errors, but Savage had just the peculiar qualifications necessary. He was so persistent in gathering data and so conservative in his use of them, that a statement made on his authority bears great weight. This work has the whole of New England for its field. This is volume 1, covering the surnames D - J.

The Federal and State Constitutions, Colonial Charters, and Other Organic Laws of the State, Territories, and Colonies Now Or Heretofore Forming the United States of America: Kentucky ; Massachusetts

Records and Files of the Quarterly Courts of Essex County, Massachusetts: 1662-1667

"Literary and Social Essays" by George William Curtis. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Salem Witchcraft

The history of New England from 1630 to 1649

Putnam's Magazine

"The original 1790 enumerations covered the present states of Connecticut, Delaware, Georgia, Kentucky, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, and Virginia. Unfortunately, not all the schedules have survived, the returns for the states of Delaware, Georgia, Kentucky, New Jersey, Tennessee, and Virginia having been lost or destroyed, possibly when the British burned the Capitol at Washington during the War of 1812, though

there seems to be no proof for this. For Virginia, taxpayer lists made in the years 1782-1785 have been reconstructed as replacements for the original returns." -- publisher website (December 2008).

Two Important Early Accounts of the Infamous Salem Witchcraft Trials Based on Primary Sources, with Notes and Explanations by Samuel P. Fowler. Published in 1693, Wonders of the Invisible World by Cotton Mather [1663-1728] is an account of selected trials written at the request of the judges, who wished to address claims of impropriety. Though he believed in witchcraft, Mather was critical of the judges' conduct when the trials were underway. After reading the transcripts, however, he concluded that the verdicts rested on ample evidence according to the standards of English and American law. Published in 1700, More Wonders of the Invisible World, Or The Wonders of the Invisible World Displayed by Robert Calef [1648-1719] attacked Mather's account. Skeptical about the existence of witchcraft, he argued for the injustice of the trials and suggested, moreover, that Mather influenced the judges and public opinion. A well-documented and devastating account, it was the first important publication to show that the trials were a miscarriage of justice. More Wonders of the Invisible World engendered a critical reaction in the form of a book entitled Some Few Remarks, upon a Scandalous Book, against the Government and Ministry of New-England. Written, by one Robert Calef. Detecting the Unparallel'd Malice and Falsehood of the said Book; and Defending the Names of several particular Gentlemen, by him therein aspersed and abused. Composed and Published by several Persons belonging to the Flock of some of the Injured Pastors, and concerned for their Just Vindication (Boston: Printed by T. Green, Sold by Nicholas Boone, 1701). In the section "To the Christian reader" it describes Calef's book as containing "venome" (sic) and "false narrations, and odious representations." Originally published: Salem: H.P. Ives and A.A. Smith, 1861. xxi, [22]-450 pp. Samuel P. Fowler [1800-1888] was a member of the Massachusetts Constitutional Convention held in Boston in 1853. He is the author of An account of the life, character, &c., of the Rev. Samuel Parris, of Salem Village, and of his connection with the witchcraft delusion of 1692 (1857). Fowler's library was recognized for its breadth of works related to witchcraft and American history. Cotton Mather [1662-1728], the son of Increase Mather, took over for his father as Pastor of the Old North Church in Boston in 1685. Mather is known for his founding role in the Salem witchcraft trials. Robert Calef [1648-1719], a member of the Baptist Church in Boston, denounced the Salem witchcraft trials and in particular criticized Mather's zeal in promoting the trials.
