The Pritikin Program for Diet and Exercise

In an unusually irreverent text that plays with the traditional Marathi musical mode of the mourning keertan and the theme of death, Satish Alekar's The Dread Departure tells the story of a dead man who will be cremated the way he wants to be and no other way. He lives on as a dead man till he stinks and his son battles with the civic authorities to honour his father's last wishes, while his widow gets enamoured of a ghostly lover, the third man from the left of the pall bearers. The play has a rich dose of black humour, pure fun, and the sense of a community coming to terms with death.

An Auctioned Bride

In this unusual Marathi play the playwright weaves a complex narrative with just four characters Begum Barve, a small-time female impersonator who has spent his life playing bit roles in the professional Marathi theatre of the early twentieth century, his exploitative employer Shyamrao, and two clerks, Jawdekar and Bawdekar. Trapped between sensuous longings and the sordid reality of their humdrum existence, they seek redemption in make-believe. Layers of space and time interweave and overlap in this powerfully haunting play as dreams take shape only to turn into nightmares. Begum Barve in the original Marathi was directed by the playwright himself; it has also been performed in Hindi and Gujarati adaptations. This new edition supplements the text with a critical essay and a note on the songs by Urmila Bhirdikar, translator, critic, musicologist, vocalist and Reader, Department of English, Pune University; an interview with the playwright by Dr Shubhada Shelke, scholar and commentator on Marathi theatre, and a note by Amal Allana who directed the play in Hindi. Satish Alekar is Professor and Head, Lalit Kala Kendra, Pune University, and Vice-Chairman, National School of Drama, New Delhi. Shanta Gokhale, the translator is also a critic, playwright and author of Playwright at the Centre: Marathi Drama from 1843 to the Present (Seagull Books, Calcutta, 2000).

Egypt Unexpected

----- A lost starship A dire warning from futures past A desperate search for salvation ----- Captain Mitchell "Ares" Williams is a Space Marine and the hero of the Battle for Liberty, whose Shot Heard 'Round the Universe saved the planet from a nearly unstoppable war machine. He's handsome, charismatic, and the perfect poster boy to help the military drive enlistment. Pulled from the war and thrown into the spotlight, he's as efficient at charming the media and bedding beautiful celebrities as he was at shooting down enemy starfighters. After an assassination attempt leaves Mitchell critically wounded, he begins to suffer from strange hallucinations that carry a chilling and oddly familiar warning: They are coming. Find the Goliath or humankind will be destroyed. Convinced that the visions are a side-effect of his injuries, he tries to ignore them, only to learn that he may not be as crazy as he thinks. The enemy is real and closer than he imagined, and they'll do whatever it takes to prevent him from rediscovering the centuries lost starship. Narrowly escaping capture, out of time and out of air, Mitchell lands at the mercy of the Riggers - a ragtag crew of former commandos who patrol the lawless outer reaches of the galaxy. Guided by a captain with a reputation for cold-blooded murder, they're dangerous, immoral, and possibly insane. They may also be humanity's last hope for survival in a war that has raged beyond eternity.

Starship Eternal

The 2007 manifesto in favour of a "Littérature-monde en français" has generated new debates in both "francophone" and "postcolonial" studies. Praised by some for breaking down the hierarchical division between "French" and "Francophone" literatures, the manifesto has been criticized by others for recreating that division through an exoticizing vision that continues to privilege the publishing industry of the former colonial métropole. Does the manifesto signal the advent of a new critical paradigm destined to render obsolescent those of "francophone" and/or "postcolonial" studies? Or is it simply a passing fad, a glitzy but ephemeral publicity stunt generated and promoted by writers and publishing executives vis-à-vis whom scholars and critics should maintain a skeptical distance? Does it offer an all-embracing transnational vista leading beyond the confines of postcolonialism or reintroduce an incipient form of neocolonialism even while proclaiming the end of the centre/periphery divide? In address

The Last Resort

As it entered the 1960s, American institutional psychiatry was thriving, with a high percentage of medical students choosing the field. But after Thomas S. Szasz published his masterwork in 1961, The Myth of Mental Illness, the psychiatric world was thrown into chaos. Szasz enlightened the world about what he called the "myth of mental illness." His point was not that no one is mentally ill, or that people labeled as mentally ill do not exist. Instead he believed that diagnosing people as mentally ill was inconsistent with the rules governing pathology and the classification of disease. He asserted that the diagnosis of mental illness is a type of social control, not medical science. The editors were uniquely close to Szasz, and here they gather, for the first time, a group of their peers—experts on psychiatry, psychology, rhetoric, and semiotics—to elucidate Szasz's body of work. Thomas S. Szasz: The Man and His Ideas examines his work and legacy, including new material on the man himself and the seeds he planted. They discuss Szasz's impact on their thinking about the distinction between physical and mental illness, addiction, the insanity plea, schizophrenia, and implications for individual freedom and responsibility. This important volume offers insight into and understanding of a man whose ideas were far beyond his time.

Thomas S. Szasz

Sexual dominance is not a work of fiction, a paperback novel, or 50 shades of anything for me; it's my life. From a very young age, I felt an overwhelming, sometimes crippling urge to dominate girls and women. To take, to own, to push them until they show me who they really are. But that urge was countered by an equally powerful desire to protect and cherish them. This book is a collection of true-life short stories from my early years, grappling with the duality of what I often regarded as my twisted being into adulthood, when I finally learnt to embrace and revel in it. It details some of the amazing sexual encounters I've enjoyed with the spectacular women I've known, and my often conflicted thought processes throughout them.
