In the Philippines, a type of love song known as the Kundiman had existed since the early 19<sup>th</sup> century. But in the early 20<sup>th</sup> century Kundiman had developed into art song. The term Kundiman comes from the Tagalog phrase “kung hindi man” or “if it were not so”. Written in the Tagalog language, these folksongs were subtly patriotic but typically disguised as love songs.

As the Assembly makes clear, the climate emergency affects all of us and requires immediate action from government, industry, NGOs, CSOs and communities across Scottish society. Through the Climate Assembly, ordinary people from across the country have laid the foundations of a strategic vision and urgent plan of action for Scotland to deliver

## [Psychological resilience - Wikipedia](#)

In that way security on a network is equivalent to pollution coming from a small source. If you pollute the river, you effect everyone's drinking water. If your small device is hackable, everyone's network is hackable. When the network is as big as the world, then my security depends on your security, and thus your security affects all security.
