Aug 25, 2016 · The idea of Communities of Practice (CoPs) has been around for 25 years, and it has found its way into people's professional and everyday language (Wenger, 2010). Put simply, CoPs refer to groups of people who genuinely care about the same real-life problems or hot topics, and who on that basis interact regularly to learn together and from each other (Wenger ...

Key concepts here include self-determination, self-organization, self-regulation, and (in a neat twist on the notion of do-it-yourself) the idea of do-it-ourselves. All these ideas align the Internet with a general rejection of institutionalized education—especially what has long been critiqued as the obsolete banking model of accumulating
