Current and relevant to today's students, SOCIOLOGY IN OUR TIMES: THE ESSENTIALS, 11th Edition presents the latest available data and new insights on behaviors, beliefs, issues, and trends in our nation and world from a sociological perspective. The new edition of this bestselling text emphasizes the themes of social change, the effects of social media on communication, and the intertwining nature of politics and social policy in the United States and worldwide. Students contemplate such issues as gun control, prevention of military suicides, environmental activism, and whether employers should be allowed to spy on their employees. New You Can Make a Difference boxes help students learn how to become involved in their communities and the world through such projects as campus kitchens and global networking to fight hunger. First-person accounts of individuals' lived experiences draw students into each chapter by illuminating topics that reflect the text's primary themes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Get Closer. Your Course. Your Way. A vibrant new learning program designed to engage students every step of the way with a modular approach and a dynamic digital experience. Mastering Sociology provides a friendly and accessible introduction to the discipline. MySocLab for Mastering Sociology features engaging student learning experiences including an interactive eText, the New Core Concepts Video Series, and the New Social Explorer. This text is available in a variety of formats — digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. Teaching & Learning Experience This program will provide a better teaching and learning experience—for you and your students. Here's how: Personalize Learning – MySocLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking – The author encourages students throughout the program to pause and consider how their own life experiences are influenced by society. This personal approach helps students think critically and make sociological connections to the world around them. Understand the Concepts – Designed as a modular program, chapters are divided into short and easy to read modules that begin with learning objectives and conclude with self-assessment. Engage Students – Each chapter contains student perspectives videos featuring students sharing their experiences and thoughts on sociological topics and issues. Explore Research – Social Explorer activities connect with topics from the text, engaging students with data visualizations, comparisons of change over time, and data localized to their communities. Support Instructors – MySocLab, Instructor's eText, Instructor's Manual, Test Item File, Electronic "MyTest" Test Bank, PowerPoint Presentation Slides, and Pearson Custom course material are available. 1256606014 / 9781256606017 Mastering Sociology Plus NEW MySocLab with eText -- Access Card Package Package consists of: 0205206530 / 9780205206537 NEW MySocLab with Pearson eText -- Valuepack Access Card 1256606006 / 9781256606000 Mastering Sociology

[Questioning Gender](#)

Develops a theory of contemporary culture that relies on displacing economic notions of cultural production with notions of cultural expenditure. This book represents an effort to rethink cultural theory from the perspective of a concept of cultural materialism, one that radically redefines postmodern formulations of the body.

[Sociology in Our Times](#)

Obi Okonkwo is an idealistic young man who, thanks to the privileges of an education in Britain, has now returned to Nigeria for a job in the civil service. However in his new role he finds that the way of government seems to be backhanders and corruption. Obi manages to resist the bribes that are offered to him, but when he falls in love with an unsuitable girl - to the disapproval of his parents - he sinks further into emotional and financial turmoil. The lure of easy money becomes harder to refuse, and Obi becomes caught in a trap he cannot escape. Showing a man lost in cultural limbo, and a Nigeria entering a new age of disillusionment, No Longer at Ease concludes Achebe's remarkable trilogy charting three generations of an African community under the impact of colonialism, the first two volumes of which are Things Fall Apart and Arrow of God.

[Middletown](#)

[The Boy Who Harnessed the Wind](#)

Using a topics-based approach organized around provocative questions about the interaction of sports, culture and society, Sports in Society presents an accessible introduction to research and theory in the sociology of sport. This new edition continues the legacy of the previous editions while introducing new material and examples that bring theory to life. Current debates in sports, such as how youth participation can be increased or sport funding allocated, have been integrated throughout the text to provide a holistic view of society. An Online Learning Centre accompanies this book offering a range of lecturer support materials as well as resources and tests for students.

[Society](#)

Placing an emphasis on global perspectives and current research, this wide praised and adopted sociology textbook introduces the reader to the field of sociology. John Macionis, like many people, took a college course that shaped his life. His first sociology course helped him make sense of the world. John shares his enthusiasm, excitement, and teaching experience through a clear and engaging writing style and emphasis on sociology's relevance to everyday life.

[Social Research Methods](#)

James Henslin has always been able to share the excitement of sociology, with his acclaimed "down-to-earth" approach and personal writing style that highlight the sociology of everyday life and its relevance to students' lives. Adapted for students studying within Australia, this

Where To Download Sociology Quiz Chapter 1

text, now in a second edition, has been made even more relevant and engaging to students. With wit, personal reflection, and illuminating examples, the local author team share their passion for sociology, promote sociology to students and entice them to delve deeper into this exciting science. Six central themes run throughout this text: down-to-earth sociology, globalisation, cultural diversity, critical thinking, the new technology, and the growing influence of the mass media on our lives. These themes are especially useful for introducing the controversial topics that make studying sociology such a lively, exciting activity.

[Digital Sociology](#)

The most relevant textbook for today's students. The Real World succeeds in classrooms because it focuses on the perspective that students care about most—their own. In every chapter, the authors use activities, examples from everyday life, and popular culture to draw students into thinking sociologically and to show the relevance of sociology to our relationships, our jobs, and our future goals.

[The Real World](#)

Henry James' s Daisy Miller was an immediate sensation when it was first published in 1878 and has remained popular ever since. In this novella, the charming but inscrutable young American of the title shocks European society with her casual indifference to its social mores. The novella was popular in part because of the debates it sparked about foreign travel, the behaviour of women, and cultural clashes between people of different nationalities and social classes. This Broadview edition presents an early version of James' s best-known novella within the cultural contexts of its day. In addition to primary materials about nineteenth-century womanhood, foreign travel, medicine, philosophy, theatre, and art—some of the topics that interested James as he was writing the story—this volume includes James' s ruminations on fiction, theatre, and writing, and presents excerpts of Daisy Miller as he rewrote it for the theatre and for a much later and heavily revised edition.

[A Day No Pigs Would Die](#)

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

[The Giver](#)

A one-of-a-kind text designed to launch readers into a thoughtful encounter with gender issues. Questioning Gender: A Sociological Exploration, Third Edition serves as a point-of-departure for productive conversations about gender, and as a resource for exploring answers to many of those questions. Rather than providing definitive answers, this unique book exposes readers to some of the best scholarship in the field that will lead them to question many of their assumptions about what is normal and abnormal. The author uses both historical and cross-cultural approaches—as well as a focus on intersectionality and transgender issues—to help students understand the socially constructed nature of gender.

[Social Statics: Or, the Conditions Essential to Human Happiness Specified, and the First of Them Developed](#)

Moving backward in time, Dorris's critically acclaimed debut novel is a lyrical saga of three generations of Native American women beset by hardship and torn by angry secrets.

[Lord of the Flies](#)

Golding' s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

[SOCIOLOGY MATTERS](#)

Originally published in hardcover in 1972, A Day No Pigs Would Die was one of the first young adult books, along with titles like The Outsiders and The Chocolate War. In it, author Robert Newton Peck weaves a story of a Vermont boyhood that is part fiction, part memoir. The result is a moving coming-of-age story that still resonates with teens today.

[The Real World \(Fourth Edition\)](#)

A powerful depiction of racial tensions arising over the death of a Cajun farmer at the hands of a black man—set on a Louisiana sugarcane plantation in the 1970s. The Village Voice called A Gathering of Old Men “ the best-written novel on Southern race relations in over a decade. ”

[Sociology in Our Times: The Essentials](#)

Now in its third Canadian edition, the market-leading Social Research Methods is an engaging and straightforward introduction to conducting quantitative and qualitative research in the social sciences. Building on the success of previous editions, the authors deftly guide students through all aspects of the research process, while providing useful tips on how to effectively collect, analyze, and interpret data, and disseminate those findings to others. With a brand new chapter on ethics and extensive updates throughout, this new edition continues to be an essential guide to the conceptual foundations, methodological approaches, and practical

[A Gathering of Old Men](#)

"The authors argue that much of the research into later life has neglected ethnic and cultural variation. Their aim is to help us to understand what is important in older women's lives across a range of ethnic groups. They have certainly achieved this in what is a readable and detailed analysis of their findings. Highly recommended." Nursing Standard "...the first book to comprehensively examine the lives of older women from ethnic minorities in the UK as well as non-migrant White women. The authors draw on extensive qualitative research to provide novel ways of looking at the priorities and concerns of older women, providing insights into what enhances their quality of life. Mary Maynard and colleagues have written an outstanding book Women in Later Life will be essential reading for students on undergraduate and postgraduate courses on gender, ethnicity and later life." Sara Arber, University of Surrey "...what is it like to be an older person and, particularly, an older woman? This carefully crafted and wide-ranging book seeks to answer this question...The book reminds us that age is a social construct, one which profoundly disadvantages women. For minority ethnic women, where this book makes an important contribution to a largely unexplored territory, the situation is even more dire. The authors have opened up a huge area of policy, demonstrating, despite the rhetoric of government, how badly we treat our elders." Professor Gary Craig, University of Hull Britain, along with other Western and industrialized countries, has an ageing population. We already live in one of the demographically oldest societies to have ever existed and the population is going to get older. By 2020 it is estimated that one third of the population will be aged over 50. Furthermore, older women outnumber older men, since men tend to die at a younger age than women. In the academic mainstream relatively little is known about older

Where To Download Sociology Quiz Chapter 1

women from minority ethnic communities. This groundbreaking book is based on interviews and focus groups with women of different backgrounds and ethnicities whose lives illustrate the strength of character and optimism that have often enabled them to live through hard times but who, in general, view later life positively. In seeking to understand the relationships between age, gender and ethnicity, the authors focus on a number of key themes including: Family and networks Health and well being Religion, faith and spirituality Income, pensions and housing The meaning of identity and life course events Death and dying Women in Later Life will be key reading for students and practitioners with an interest in gender and/or issues surrounding later life.

[Sociology: A Down to Earth Approach](#)

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. [Society in America](#)

After fifteen years of teaching anthropology at a large university, Rebekah Nathan had become baffled by her own students. Their strange behavior—eating meals at their desks, not completing reading assignments, remaining silent through class discussions—made her feel as if she were dealing with a completely foreign culture. So Nathan decided to do what anthropologists do when confused by a different culture: Go live with them. She enrolled as a freshman, moved into the dorm, ate in the dining hall, and took a full load of courses. And she came to understand that being a student is a pretty difficult job, too. Her discoveries about contemporary undergraduate culture are surprising and her observations are invaluable, making My Freshman Year essential reading for students, parents, faculty, and anyone interested in educational policy.

[Introduction to Sociology 3e](#)

We now live in a digital society. New digital technologies have had a profound influence on everyday life, social relations, government, commerce, the economy and the production and dissemination of knowledge. People 's movements in space, their purchasing habits and their online communication with others are now monitored in detail by digital technologies. We are increasingly becoming digital data subjects, whether we like it or not, and whether we choose this or not. The sub-discipline of digital sociology provides a means by which the impact, development and use of these technologies and their incorporation into social worlds, social institutions and concepts of selfhood and embodiment may be investigated, analysed and understood. This book introduces a range of interesting social, cultural and political dimensions of digital society and discusses some of the important debates occurring in research and scholarship on these aspects. It covers the new knowledge economy and big data, reconceptualising research in the digital era, the digitisation of higher education, the diversity of digital use, digital politics and citizen digital engagement, the politics of surveillance, privacy issues, the contribution of digital devices to embodiment and concepts of selfhood and many other topics. Digital Sociology is essential reading not only for students and academics in sociology, anthropology, media and communication, digital cultures, digital humanities, internet studies, science and technology studies, cultural geography and social computing, but for other readers interested in the social impact of digital technologies.

[Sports in Society](#)

The most popularly read, adapted, anthologized, and incorporated primer on sociology ever written for modern readers Acclaimed scholar and sociologist Peter L. Berger lays the groundwork for a clear understanding of sociology in his straightforward introduction to the field, much loved by students, professors, and general readers. Berger aligns sociology in the humanist tradition—revealing its relationship to the humanities and philosophy—and establishes its importance in thinking critically about the modern world. Throughout, Berger presents the contributions of some of the most important sociologists of the time, including Max Weber, Émile Durkheim, Vilfredo Pareto, and Thorstein Veblen.

[No Longer at Ease](#)

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

[Daisy Miller](#)

[Introduction to Sociology 2e](#)

[Marx, Durkheim, Weber](#)

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[An Introduction to Sociology](#)

'Community' continues to be a persistent theme in political, philosophical and policy debates. The idea of community poses fundamental questions about social inclusion and exclusion, particular versus general interests, identity and belonging. As well as extensive theoretical literature in the social sciences, there is a rich body of social research aimed at exploring the nature of community, and evaluating its contribution to people's lives and well-being. Drawing on a wealth of international empirical examples and illustrations, this book reviews debates surrounding the idea of community. It examines changing patterns of community life and evaluates their importance for society and for individuals. As well as urban, rural and class-based communities, it explores other contemporary forms of community, such as social movements, communes and 'virtual' gatherings in cyberspace. Truly multidisciplinary, this book will be of interest to students of sociology, geography, political science and social policy and welfare. Grounded in a wide-ranging review of empirical research, it provides an overview of sociological debates surrounding the idea of community and relating them to the part community plays in people's everyday conceptions of identity.

[Simulacra and Simulation](#)

Now a Netflix film starring and directed by Chiwetel Ejiofor, this is a gripping memoir of survival and perseverance about the heroic young inventor who brought electricity to his Malawian village. When a terrible drought struck William Kamkwamba's tiny village in Malawi, his family lost all of the season's crops, leaving them with nothing to eat and nothing to sell. William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family's life forever: he could build a windmill. Made out of scrap metal and old bicycle parts, William's windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy's brilliant idea can light up the world. Complete with photographs, illustrations, and an epilogue that will bring readers up to date on William's story, this is the perfect edition to read and share with the whole family.

[Discover Sociology](#)

This Second Edition is a thoroughly revised, expanded version of the bestselling student text in classical social theory. Author Kenneth Morrison provides an authoritative, accessible undergraduate guide to the three pivotal figures in the classical tradition. Readable and stimulating, the Second Edition of Marx, Durkheim, Weber: Formations of Modern Social Thought explains the key ideas of these thinkers and situates them in their historical and philosophical contexts.

[The Sociological Imagination](#)
