Building Quantities Explained This year ' s book has a strong approximate estimates section, with most measured works items also presented as composite items. Now in its 34th edition, Spon's External Works and Landscape Price Book 2015 offers the only comprehensive source of information for detailed external works and landscape costs. It covers all the items to be found in hard and soft landscape contracts, and forms an indispensable reference book for quantity surveyors, landscape architects, contractors and local authority managers – essential for compiling estimates, specifications, bills of quantities and works schedules – no matter what the size of the project being undertaken. Use the access code inside the front cover of the book to get set up with internet access to this 2015 edition until the end of December 2015. We now provide Spon ' s Online, a versatile and powerful online data viewing package, which replaces the estimating software and ebook of recent years. The book now uses a combination of NRM1 and NRM2 as the measurement standards. This edition includes the following new and significantly developed items Further NRM format composites Suspended paving systems Precast walkways New Marshalls paving ranges Reconstituted stone bottle balustrades and now with a number of landscape cost models.

Spon's External Works and Landscape Price Book 2022

Spon's External Works and Landscape Price Now in its 30th edition, SPON'S EXTERNAL WORKS AND LANDSCAPE PRICE BOOK 2011 offers the only comprehensive source of information for detailed external works and landscape costs. All the items to be found in hard and soft landscape contracts are covered, forming an indispensable reference book for quantity surveyors, landscape architects, contractor

Spon's External Works and Landscape Price Book 2016 Spon's Civil Engineering and Highway Works Price Book 2009 is more than just a price book. It

Online Library Spon S External Works And Landscape Price Book

provides a comprehensive work manual that many in the civil engineering, surveying and construction business will find it hard to work without. It gives costs for both general and civil engineering works and highway works, and shows a full breakdown of labour, plant and material elements, with labour rates updated in line with the latest CIJC wage agreement. This 23rd edition, in its easy to read format, incorporates a general review throughout, including updates to the Capital Allowances and VAT and Construction sections to reflect the latest government legislation. This year, for the first time, the download includes a versatile and powerful ebook.

Spon's External Works and Landscape Price Book 2012 The only comprehensive source of information for detailed external works and landscape costs. The 2007 edition has been renamed the External Works and Landscape price book and restructured to include more hard-works and light civil engineering; and a new section deals exclusively with minor works or smaller projects or gardens.

Spon's External Works and Landscape Price Book 2016 Spon's Landscape and External Works Price Book offers the only comprehensive source of information for detailed external works and landscape costs. It covers all the items to be found in hard and soft landscape contracts and is therefore an indispensable reference book for quantity surveyors, landscape architects and contractors - essential for compiling estimates, specifications, bills of quantities and works schedules. A full index and list of manufacturers and suppliers gives easy reference to all items. The L&E comes with a 'free' CDROM that enables the reader to view the entire book on screen, cut and paste prices into other tender documents, export to other major packages, perform simple calculations, index search, produce estimate and tender documents, adjust rates and data. This complete package now means that Spon's Landscape and External Works Price Book for 2002 is now better than ever and is a resource that no building firm, surveyor or architect should be without. * Includes regional price variations * Material and measured work prices covering contract items from site clearance to planting with full breakdown into labour, materials, etc * Full coverage of external construction work: walls, fences, barriers, bollards, steps, car parks, paving, etc. and prices for land and surface water drainage and piped services * Playgrounds, sport and recreation work, lighting, seating, and water features including fountains, pools and lakes * Detailed guidance on wage rates, landscape consultant's fee scales, British Standards and recent legislation * Extensive Approximate Estimates section for rapid spot estimating * Soft landscape works: grassed areas, planting, aquatics, forestry and maintenance period prices for grass, planting and tree work New Features for 2002: * Fees for professional services * Revised and updated section on Cost Information * Approximate Estimate section is now fully linked to the Measured Works section and contains many new revisions and extensions of the items in the Measured Works * Now contains a Memorandum section which itself is a unique manual of information to the industry

Spon's External Works and Landscape Price This year's book has a heavily enhanced approximate estimates section, with most measured works items being also presented as composite items. Updates are available online at www.pricebooks.co.uk

Spon's External Works and Landscape Price UK construction supply chain firms face an array of risks going into 2021 as fallout from the COVID-19 crisis – not least the effect of social distancing rules on site productivity. But underlying construction demand remains broadly in place for the expected medium-term. SPON'S ARCHITECTS' AND BUILDERS' PRICE BOOK 2021, compiled by AECOM, still provides the most accurate, detailed and professionally relevant construction price information for the UK. Its unique Tender Index, updated through the year (2015 = 100), gives an ongoing reality check and allows you to adjust for changing market conditions. Although it suits a wide range of project sizes, this is the only price book which sets out a detailed cost base for contracts exceeding £4,000,000 in value. Use the access code inside the front cover of the book to get set up with an ebook of this 2021 edition on the VitalSource® Bookshelf platform, available for access and use until the end of December 2021. As well as an overhaul of prices, several new items have been added, including: a London fringe office cost model a higher education refurbishment cost model Pecafil® permanent formwork and an expanded range of cast iron rainwater products along with the standard features you have come to expect from SPON'S ARCHITECTS' AND BUILDERS' PRICE BOOK: 20,000 prices for the most frequently specified items, the majority with labour constants and detailed build-ups Hundreds of alternative materials prices for the more unusual items Detailed guidance on wage rates, daywork, cost limits and allowances, property insurance and professional fees, plus useful formulae, design criteria and trade association addresses Updates, free of charge, twice a year –

Spon's Architects' and Builders' Price Book 2020 Strong output demand over the last year has stretched the industry. The issues are being felt by all firms across the delivery chain – from clients to subcontractors. Capacity constraints almost always manifest themselves in prices. Increased tender prices have become the primary symptom of these supply-side issues. The main driver of new work output growth over the last 18 months is slowing. Both the public and private housing sectors are quickly reversing all of their recent upward trends when looked at on a yearly growth basis. The counterpoint to this is that the yearly growth figures are still positive, meaning that new work continues to flow. SPON ' S ARCHITECTS ' AND BUILDERS ' PRICE BOOK 2016, compiled by AECOM, still provides the most accurate, detailed and professionally relevant construction price information for the UK. Its unique Tender Index, updated through the year, gives an ongoing reality check and allows you to adjust for changing market conditions. Although it suits a wide range of project sizes, this is the only price book which sets out a detailed cost base for contracts exceeding £3,500,000 in value. Use the access code inside the front cover of the book to get set up with internet access to this 2016 edition until the end of December 2016. We now provide SPON ' S Online, a versatile and powerful online data viewing package -- online or offline on your PC/Mac, smartphone or tablet. You can browse and search the content across all the price books you own, make notes and highlights and share these notes with other users. Major changes have been made to this 141st edition: For the first time, plant prices have been separated out in the measured works section. As well as an overhaul of prices, several new items have been added, including: Two new cost models for a stand-alone private patient ward within a larger hospital complex, and an extra care home An expanded range of ACO drainage channels Precast concrete ' Perfect Manholes ' by CPM Shower-wall laminated panelling walling An expanded range of architectural pre-finished blockwork along with the standard features you have come to expect from SPON ' S ARCHITECTS ' AND BUILDERS ' PRICE BOOK: 20,000 prices for the most frequently specified items, the majority with labour constants and detailed build-ups. Hundreds of alternative materials prices for the more unusual items. Detailed guidance on wage rates, daywork, cost limits and allowances, property insurance and professional fees, plus useful formulae, design criteria and trade association addresses. Updated, free of charge, two or three times a year – see inside for registration details. Spon's External Works and Landscape Price Book 2017 A range of factors are all combining to propel input cost inflation. Higher international logistics costs, returning demand from industry workload, and higher global metals prices are some of the ingredients to quicker building cost inflation. Whilst some EU materials exporters to the UK are adjusting to Brexit, other EU exporters — initially smaller or specialist firms hit proportionally harder — are now deciding not to supply the UK at all, because the additional red tape involved makes it not commercially viable. If this trend replicates across the whole EU to UK supply chain, visible disruption and higher prices are likely until other sources of supply begin to increase in volume and step in to address these supply issues. Among other exporters continuing to supply the UK, significant price increases are being applied to cover the permanent Brexit non-tariff barriers and additional administrative processes. SPON ' S ARCHITECTS ' AND BUILDERS ' PRICE BOOK 2022, compiled by AECOM, still provides the most accurate, detailed and professionally relevant construction price information for the UK. Its unique Tender Index, updated through the year (2015 = 100), gives an ongoing reality check and allows you to adjust for changing market conditions. Although it suits a wide range of project sizes, this is the only price book which sets out a detailed cost base for contracts exceeding £4,000,000 in value. Use the access code inside the front cover of the book to get set up with an ebook of this 2022 edition on the VitalSource® Bookshelf platform, available for access and use until the end of December 2022. As well as an overhaul of prices, 145 new items have been added including: Two new Cost Models for school refurbishment Primary Healthcare Fit-Out Plus, expanded range of cast iron rainwater goods expanded range of matwells expanded range of vinyl floor finishes Ecotherm insulation Along with the standard features you have come to expect from SPON ' S ARCHITECTS ' AND BUILDERS ' PRICE BOOK: 20,000 prices for the most frequently specified items, the majority with labour constants and detailed build-ups Hundreds of alternative materials prices for the more unusual items Detailed guidance on wage rates, daywork, cost limits and allowances, property insurance and professional fees, plus useful formulae, design criteria and trade association addresses Updates, free of charge, twice a year – see inside for registration details.
