Gregory's Angels Two hundred specially commissioned, full-color photographs capture the personality of these magnificent buildings, once home to closed communities and now focal points for the surrounding populace and heritage lovers. Together with the lively and informative text, co-written by one of England's foremost experts on religious buildings' history and design, this is a comprehensive and absorbing guide. Packed with little-known facts and stories of the people who lived in and worked on these buildings, and with an array of stunning images, this book is the perfect souvenir for overseas or UK visitors, as well as anyone with an interest in English history and architecture.

A History of the Protestant Reformation in England and Ireland Abbeys and Priors of Medieval Wales is the first comprehensive, illustrated guide to the religious houses of Wales from the twelfth to sixteenth centuries. It offers a thorough introduction to the history of the monastic orders in Wales (the Benedictines, Cluniacs, Augustinians, Premonstratensians, Cistercians, the military orders and the friars), and to life inside medieval Welsh monasteries and nunneries, in addition to providing the histories of almost sixty communities of religious men and women, with descriptions of the standing remains of their buildings. As well as being a scholarly book, a number of maps, ground plans and practical information make this an indispensable guide for visitors to Wales ' s monastic heritage.

## Abbeys and Priors of Medieval Wales

### The Protestant "reformation."

The Abbeys & Priors of Medieval England Abbeys and Priors of Medieval Wales is a comprehensive, illustrated guide to the religious houses of Wales from the twelfth to the sixteenth centuries. It offers a thorough introduction to the history of the monastic orders in Wales (the Benedictines, Cluniacs, Augustinians, Premonstratensians, Cistercians, the military orders, and the friars), and to the life inside medieval Welsh monasteries and nunneries, as well as providing the histories of almost sixty communities of religious men and women, and descriptions of the standing remains of their buildings. As well as being a scholarly book, a number of maps, ground plans, and practical information make this moreover an indispensable guide for visitors to Wales's monastic heritage. The monastic houses of medieval Wales were of great cultural and political, as well as religious significance, yet to many they remain picturesque ruins of a bygone age. This book brings these institutions to life for readers, and locates them firmly within the broader history of Wales and the Welsh.

### English Abbeys and Priors

The Abbey Explorer's Guide At the height of the middle ages, there were hundreds of abbeys and priories throughout England. The ruins of some of those that were destroyed at the time of the Dissolution of the Monasteries are today seen as iconic medieval buildings - such as Fountains Abbey in Yorkshire, designated a World Heritage site, or Tintern Abbey on the river Wye, immortalised by Wordsworth.

Monasticon: an account, based on Spottiswoode's, of all the abbeys, priories [&c.] in Scotland, at the Reformation. Vol. 1 [in 3 pt.].

### Monasticon Hibernicum

Abbeys and Priors of Wales Stöber and Burton present the first fully illustrated scholarly guide to the religious houses of Wales, from the Norman Conquest to the Dissolution of the Monasteries. An extensive introduction provides the wider historical, archaeological, cultural, political and social context for nearly sixty histories of individual religious houses. Equipped with maps, ground plans and practical information, this is not only a scholarly book but also a useful guidebook for anyone visiting the monasteries of Wales.

### Abbeys and Priors

History of Ireland What exactly is an abbey and does it differ from a priory? This book clarifies the seeming confusion by answering these questions and much more besides. This new edition, in a larger format, includes descriptions of over 200 individual sites open to the public and over 90 colour photographs.

Monasticon: Profusely illustrated on Steel, comprising Views of Abbeys, Priors, Collegiate Churches, Hospitals, Religious Houses in Scotland, with their Valuations at the Period of Seizure and Abolition in 16030 "Medieval English Nunneries" from Eileen Power. British economic historian and medievalist (1889-1940).

Monasticon Hibernicum: Or, a History of the Abbeys, Priors, and Other Religious Houses in Ireland; Interspersed with Memoirs of Their Several Founders and Benefactors, and of Their Abbots and Other Superiors, to the Time of Their Final Suppression This resource guide aims to assemble within one volume brief details of all the surviving buildings in England and Wales as well as smaller artifacts which may be described collectively as contents. The guide is targeted both at researchers from a variety of disciplines - historical, archaeological and architectural etc. - as well as at individual heritage enthusiasts who wish to track down items of particular interest. It is also hoped that it will become a standard of reference in libraries. About 580 monastic houses are referred to in the text, the author having visited almost all of them over a period of fifteen years. As far as the author is aware, no comprehensive effort has been made to bring this data together within one book. The work seeks therefore to fill a significant information gap.

### The Protestant "Reformation," Part Second

Abbeys & Priors of Great Britain The remains of abbeys and priories in Wales contain much that is beautiful and much that is highly significant in the history of Wales. This is a guide to the remains of buildings that represent the highest expressions of the cultures, both Welsh and English, that fed the minds of their builders.

### Abbeys and Priors of Medieval Wales

Index monasticus Monasteries are among the most intriguing and enduring symbols of Britain's medieval heritage. Simultaneously places of prayer and spirituality, power and charity, learning and invention, they survive today as haunting ruins, great houses and as some of our most important cathedrals and churches. This book examines the growth of monasticism and the different orders of monks; the architecture and administration of monasteries; the daily life of monks and nuns; the art of monasteries and their libraries; their role in caring for the poor and sick; their power and wealth; their decline and suppression; and their ruin and rescue. With beautiful photographs, it illustrates some of Britain's finest surviving monastic buildings such as the cloisters of Gloucester Cathedral and the awe-inspiring ruins of Rievaulx Abbey in North Yorkshire.
