[Gender role - Wikipedia](#)

People learn what society views as appropriate gender behaviors from imitating the repetition of actions by one's role-model or parent of the same biological sex. Imitation in the physical world that impacts one's gendered roles often comes from role-modeling parents, peers, teachers, and other significant figures in one's life.

Social harmony, then, is only one kind of social experience: one from which it may be possible to learn how to help modern communities move toward the ideal of a violence-free society. One viewpoint explains the apparent change in violence as the breakdown of a "myth" that prevailed in Western society (see Brown, 1979; Steinmetz & Straus, 1974).

Eisa Jocson's fearless performances explore the politics of the gendered body, the migration of labour, the cultural impacts of the "happiness industry" and the conditions of the Filipino diaspora. 2018 may well mark a change in attitude in the wider society, and the Flemish and Brussels arts centers clearly aligned with this trend

[Feminist Perspectives on the Body \(Stanford Encyclopedia](#)

Gender is the range of characteristics pertaining to, and differentiating between femininity and masculinity. Depending on the context, this may include sex-based social structures (i.e. gender roles) and gender identity. Most cultures use a gender binary, having two genders (boys/men and girls/women); those who exist outside these groups may fall under the umbrella term non "
