The history of medicine shows how societies have changed in their approach to illness and disease from ancient times to the present. Early medical traditions include those of Babylon, China, Egypt and India. Sushruta, from India, introduced the concepts of medical diagnosis and prognosis. The Hippocratic Oath was written in ancient Greece in the 5th century BCE, and is a ...

History of chapter titles. Many ancient books had neither word divisions nor chapter divisions. In ancient Greek texts, some manuscripts began to add summaries and make them into tables of contents with numbers, but the titles did not appear in the text, only their numbers. Some time in the fifth century CE, the practice of dividing books into chapters began.

Nov 03, 2021 · Determine what the main idea or goal of the text is (often signaled by the chapter title and subheadings), and mark any places that you didn't feel as though you understood well. Read headings, subheadings, and other organizational elements. Textbook authors often construct their chapters so that it is very clear what the goal of each section is.
